All4Maternity Australia Helping to Shape Tomorrow’s Midwifery

All4Maternity are delighted to announce we are attending and exhibiting at the Australian College of Midwives (ACM) Conference 2026.

With the 2026 theme “Shaping Tomorrow’s Midwifery” this annual midwifery event, hosted by the Australian College of Midwives, is being held at The Star Event Centre, Gold Coast, Queensland on Tuesday 15th – Thursday 17th September.

Come and see us at Stand 4!

The team from All4Maternity will be a **Stand 4** (located on the right hand side of the main entrance), including Anna Bryom, CEO and publisher of The Practising Midwife Australia. Also, Childbirth Educator and All4Maternity Memberships Lead, Kerry Sutcliffe.

We'll have lots to tell visitors to our stand about our learning, sharing and caring for midwives and maternity professionals in Australia and across the world. We'll also have goodies to hand out from our partners Weleda Australia, plus an exclusive conference offer for an All4Maternity membership!

ACM 2026 Conference Floor Plan

Meet Breastfeeding Buddy!

At our **Stand 4** we are joined by Breasfeedng Buddy the world's first and original go-to product to help with breastfeeding positioning. You can chat with Claire Hains, innovator and founder, to hear about how her personal experience with breastfeeding led her to Breastfeeding Buddy being born!

We'll also be hosting a **prize draw** at our stand for the chance of winning a hamper of breastfeeding products.

We hope to see you there!
