

Description

Nurture Zone ‘Stamp of Approval’

Welcome to the new All4Maternity Nurture Zone – curated by Sally Goodwin and Lee Andersen-Whalley. We are so excited to launch this area of the website, a place solely dedicated to supporting you as midwives, student midwives or those aspiring, maternity doulas and other healthcare professionals – we welcome you all.

For us, most importantly we support you as human beings and not by the ‘hats you wear’.

> We know you are courageous, we know your strength, we understand your passion for maternity and birth, we celebrate this! And we appreciate vulnerability.

As we continuously develop ourselves and our careers there will always be pivotal moments, those that surprise us, those that tire us and those that change us. Sometimes we laugh and sometimes we cry with frustration or sorrow.

The Nurture Zone principally does not request your resilience, or positivity because we know how important it is to have a voice, to be heard and to share challenges.

We want to provide a space to honour your enterprise for love, nurture and kindness. Share your ingenuity for boldness when times are hard and for passion when it is scarce. Celebrate your creativity and imaginative response to support others around you.

This is why we developed our ‘Stamp of Approval’ – it is a symbol of our thanks to you. To recognise and share these activities with those around us.

So if you see these posts pop up on social media – take a moment to comment with support, initiate a conversation, one comment can be instrumental in opening up a new possibility for another.

@MidSoc_Soton
Selfcare wednesday! Thank you lovely welfare reps for organising this for us. Exactly what we needed to take some time our from placement and essay writing and enjoy some time away from midwifery 💜

ONE SHOULD NEVER Mistake Kindness FOR WEAKNESS...
for it is in the moments that we apply kindness
THAT OUR STRENGTH IS REVEALED
- INSPIRE SOMEBODY

Here is your role as a NHS Midwife ..... my suggestions jennythem.com/2018/10/13/her...
Be professional in all you do through your words and actions including the way you communicate on your break -integrity matters in midwifery - the words you speak in the office or break room are like a fragrance upon you when you care for woman and teach colleagues

And because we're celebrating this. We've made a short film.

Love and light to all.
