Thank you for being part of our growing All4Maternity community.

As we come to the end of 2023, I wanted to take a moment to share how we are planning to offer you More4Less.

Your needs are at the heart of the essential changes we have been making at All4Maternity and The Practising Midwife journal, changes made are in response to our learning and your feedback.

These changes ensure our ongoing commitment to enabling your learning, sharing and caring.

We know the changes made will support our sustainability whilst offering you more innovation, more quality practice-focused content and more engaging resources; all with less impact on the environment and at more affordable rates.

More4Less changes for you.

Providing you with MORE content for LESS impact!
